Our Vision

- To nurture the life of our valued customers by embracing innovation and with the promise of providing them a healthy lifestyle by leveraging the strength and quality of the products with a high standard supply chain.

Approved by:-

ADVANTAGES AND INNOVATIONS

Following are the advantages of our products and services

1. Taste of our products is best as compared to other Stevia Brands.
2. Our products are easy to use. We have developed such a product i.e. Stevia in liquid whose one drop is equal to 1 teaspoon of sugar.
3. Our Stevia products are heat stable i.e. we can heat them up to 400 degree centigrade. So we can easily use them in our cooking and baking.
4. Our products are free from any chemical. They are the best replacement of artificial sweeteners.
5. We developed our Stevia Products in such a way that they can be used by people of all age groups from small children to old age people.
6. Our stevia products are diabetic friendly because they have no sugar, zero calories, no added chemicals and are made from stevia plants.

WHY ZINDAGI STEVIA ?

1. State of art WHO-GMP certified manufacturing facility complying to cGMP norms.
2. Adherence to the highest levels of quality, safety and hygiene standards in manufacturing processes.
3. Robust quality system with an objective of supplying high-quality products to our customers and consumers.
4. JHC uncompromising commitment to the health and safety of its consumers.
5. Identifying critical controls and establishing a control procedure to protect the product from physical, chemical and microbiological contamination during manufacturing process.
6. Applying innovative practices and state of art technology to enhance productivity and quality at competitive price.
7. Company registered with USFDA,
8. Speed to market.
